About Our School

NOTICE

FOREWORD

It is the responsibility of parents and students to familiarize themselves with this Student Handbook, which is approved by the Richton School Board and which includes official district policies with which you should be acquainted. This handbook takes effect with the 2016-2017 school year and supersedes all other handbooks.

This handbook has been prepared by the staff of the Richton School District as a guideline to procedures, policies, and practices governing the operation of our schools and the behavior of our students. It is not intended to be a comprehensive set of rules, but it does set forth the philosophy that the school environment is critical to effective teaching and learning.

This handbook therefore is designed to assist us in creating a proper atmosphere for learning. The premise that every person deserves respect and must respect the rights of others is the primary principle that governs responsible behavior. **The rules set forth in this handbook are not all inclusive but are set forth as broad principles that support the concept of student rights and responsibilities.**

By registration of your child (children) or any student in the Richton School District, all parents, legal guardians, and students do hereby consent to and agree to obey and follow rules and regulations contained in this handbook and such other oral directions of school administrators or teachers as may be necessary or desirable to carry out the orderly educational process of the school.

The Richton School Board of Education and Administration of Richton Schools reserve the right to amend any part of this Handbook at any interval in the school year that the need arises.

MISSION STATEMENT

“To empower learners for future success in a safe and healthy environment as they prepare for college and career readiness”

Vision Statement

“To become a progressive school district driven by innovative thinking dedicated to strengthening our diverse community”

Every Student Succeeds Act (ESSA)

On December 10, 2015, the Every Student Succeeds Act (ESSA) was signed into law as Public Law Number 114-95. ESSA reauthorizes the Elementary and Secondary Education Act of 1965 “to ensure that every child achieves.”

ESSA is the nation’s general education law and, as such, has been revised by Congress many times over the years. The last reauthorization took place in 2001 and was called the No Child Left Behind Act (NCLB). Given the importance of education in the lives of children with and without disabilities, it comes as no surprise that the education community is highly motivated to learn the in’s and out’s of the ESSA—what’s new, what’s different, what must now change in how we approach and deliver education to the nation’s 50.1 million students in public elementary and secondary schools across the nation.

Additional information as to how this impacts your child’s instruction may be found at <http://www.parentcenterhub.org/repository/essa-reauth/#law>.

General Information

ADMISSIONS

COMPULSORY ATTENDANCE AGES

A compulsory-school-age child is defined as a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year. This also includes any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in Kindergarten. The parent/guardian of a kindergarten student shall be allowed to withdraw the child from Kindergarten one time and that child shall not be deemed a compulsory-school-age child until the child attains the age of six (6) years. Students excluded from this requirement are those determined to be incapable of school attendance by school officials as based on medical documentation or an identified handicapping condition and those in a legitimate home instruction program as determined by a school attendance officer.

If a compulsory-school-age child has not been enrolled in school within fifteen (15) calendar days after the first day of the school year or if a student has accumulated five (5) unexcused absences during the school year, the principal shall report such absences to the school attendance officer of the youth court within two school days or within five calendar days, whichever is less, according to the method prescribed by the State Department of Education and on the form designated for that purpose by the district. *MS Code 37-13-91,37-13-92.*

If the child is party to an expulsion proceeding, he may be admitted pending final disposition. If the proceeding results in expulsion, admission may be rebuked.

If the expulsion or expulsion proceeding involves an act of violence, weapons, alcohol, illegal drugs, or other activity that may result in expulsion, Richton School District is not required to grant admission before one calendar year after the date of expulsion. *Miss. Code Ann. Section 37159(3).*

IMMUNIZATION OF STUDENTS

For minimum community protection against certain diseases, the Board shall require students attending District schools to be vaccinated against diphtheria, measles, mumps, poliomyelitis, rubella, tetanus, whooping cough, hepatitis B and chickenpox (unless child has a history of chickenpox). These requirements, as stipulated by the Mississippi Department of Health, are to be recorded in the permanent record.

Such vaccinations shall be made prior to enrollment, or shall be completed within the date specified on Form 121. **The principal shall enforce the immunization requirements, suspending any student not in compliance. Such suspension shall be in effect until compliance is validated.** A Certificate of Immunization Compliance (Form 121) or a Certificate of Medical Exemption shall be on file on each student enrolled. The principal shall provide information to the Mississippi State Board of Health relative to the immunization status of students in the school via forms provided by that agency.

ATTENDANCE

STUDENT ABSENCES AND EXCUSES

The Board recognizes that regular attendance is important if students are to attain maximum benefit from the educational process and develop good work habits that carry over into their adult life. Parents and students are expected to abide by the Compulsory School Attendance Law. When absences do occur, school personnel will classify the absence as excused or unexcused. **In the event that a student exceeds the allowable number of absences, the student will not be allowed to participate in school sponsored activities or athletic events.**

ABSENCES & PARTICIPATION IN SCHOOL SPONSORED ACTIVITIES

It shall be the policy of the Richton School Board that students who are absent from school, whether it is excused or unexcused, shall not be allowed to participate in any school-sponsored activity occurring on the day and night of the absence. The principal may consider special, extenuating circumstances and will have final decision if there are exceptions.

ABSENCES & TARDIES DEFINED

An excused absence is one where a student has been too sick to attend school, has been under the care of a physician, has been sent home by the school nurse or has had a death in the immediate family. Immediate family includes: parent/stepparent/guardian, brother, sister, stepbrother, stepsister, grandparent, spouse, child, uncle and aunt. Other absences may be excused as determined by the principal.

Source: Mississippi Code: TITLE 37 EDUCATION CHAPTER 13 CURRICULUM SCHOOL YEAR AND ATTENDANCE MISSISSIPPI COMPULSORY SCHOOL ATTENDANCE LAW Compulsory school attendance requirements generally: enforcement of law.

An “*unlawful absence*” is an absence during a school day by a compulsory-school-age child, which absence is not due to a valid excuse for temporary nonattendance. Days missed from school due to disciplinary suspension shall not be considered an “excused” absence under this section. This subsection shall not apply to children enrolled in a nonpublic school.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory school-age child enrolled in a public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district, or his designee:

- a. An absence is excused when the absence results from the compulsory-school-age child’s attendance at an authorized school activity with the prior approval of the superintendent of the school district, or his

designee. These activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.

- b. An absence is excused when the absence results from illness or injury which prevents the compulsory school-age child from being physically able to attend school.
- c. An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health, or appropriate school official.
- d. An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family members of a compulsory-school-age child shall include children, spouse, grandparents, parents, stepparents, brothers and sisters, including stepbrothers and stepsisters, uncle and aunt.
- e. An absence is excused when it results from a medical or dental appointment of a compulsory-school age child where an approval of the superintendent of the school district, or his designee, is gained before the absence, except in the case of emergency.
- f. An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action or under subpoena as a witness.
- g. An absence may be excused if the religion, to which the compulsory-school-age child or the child's parents adheres, requires or suggests the observance of a religious event. The approval of the absence is within the discretion of the superintendent of the school district, or his designee, but approval should be granted unless the religion's observance is of such duration as to interfere with the education of the child.
- h. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that the purpose of the absence is to take advantage of a valid educational opportunity such as travel, including vacations or other family travel. Approval of the absence must be gained from the superintendent of the school district, or his designee, before the absence, but approval shall not be unreasonably withheld.
- i. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that conditions are sufficient to warrant the compulsory-school-age child's nonattendance. However, no absences shall be excused by the school district's superintendent, or his designee, when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance.

Following an absence, students should present a signed written excuse from a parent, guardian, or doctor on the day the student returns to school, unless documented permission to be absent was granted by school officials before the absence occurred. **After 3 days no excuse will be accepted.** This admittance slip must be obtained before the beginning of the school day or the student will receive an unexcused tardy. The written excuse should contain:

1. The date written
2. Full name of the student
3. The date(s) the student was absent
4. The cause of the absence
5. The signature of the parent, guardian, custodian, or doctor
6. Contact phone number for authentication.

**ANY ABSENCE FOR WHICH NO WRITTEN EXCUSE IS RECEIVED
BECOMES AN AUTOMATIC UNEXCUSED ABSENCE. EXCUSES WILL
ONLY BE ACCEPTED WITHIN 3 DAYS OF STUDENT RETURN.**

Three (3) signed, handwritten letters per semester from a student's parent/guardian will be granted should a student's illness not require a physician's care. All absences other than those mentioned above will be counted as unexcused. These absences must not exceed five (5) in a semester course or eleven (11) in

a yearly course. An attendance committee will meet to discuss special circumstances. **In grades 7-12, at least 75% of a class period must be attended to receive credit for being present. If more than 25% of a class period is missed, the student will receive an absence for that period.**

If a student will knowingly be absent for 3 or more days consecutively, the parent/guardian is requested to notify the school in advance in writing. Notification of the school does not insure that the absences will be excused.

****State law requires students to be in attendance for 66% of the instructional day in order to be counted present. This percentage excludes break, class changes, lunch, or recess. Seniors with early release, dual enrollment, or other district defined shortened schedule will have to be present 66% of the respective instructional day to be counted present. Everyone else is expected to have 5 periods (high school) or 8 periods (junior high).*

**TEACHERS GO ON DUTY AT 7:20 A.M.
THERE SHOULD BE NO STUDENTS ON CAMPUS PRIOR TO THAT
TIME.**

TARDY POLICY 2026-2027

- Teachers will be on duty starting at 7:20AM each day. Students should not be on campus before this time.
- The RHS school day starts at 7:45AM and ends at 3:00PM

 - Any student who is tardy after 8:00AM will report to In School Intervention (ISI) until the next class change.
- After a student receives three (3) tardy slips that are after 7:45AM, the teacher and/or administrator will make a parent contact to discuss the issue of the student not getting to class on time.
- After a student receives five (5) tardy slips after 7:45AM, the student will report to ISI for the day and a Parent Conference will be held before the student can return to class.
 - At this time, if the student is a student-driver, driving privileges may be revoked or suspended for a set amount of time.
- After a student receives a seventh (7th) tardy slip after 7:45AM, they will be sent to ISI. This will happen for the 8th and 9th tardy slips as well.
- Once a student accumulates 10 tardy slips, they will be assigned one day of Out of School Suspension (OSS)

- ✦ Student driving privileges may be revoked for the rest of the year.

Procedures for Referrals by MS Compulsory School Attendance Law

	Actions Taken By School Attendance Officer
3 total absences	Contact by school personnel by phone or letter ; student begins interventions for missed time.
5 total absences	Contact by school attendance officer by phone or letter/conference
8 total absences	Contact by school attendance officer by phone or letter, and home or school visit. Charges filed in Justice Court or Youth Court.

CHECK OUTS

In the interest of providing uninterrupted instructional time, a student should be checked out between classes. In cases of an emergency, the parent must obtain special permission from the principal or another administrator to check out a student at a time other than between classes. **All students dismissed from school must be checked out in person by a parent, legal guardian, or by a person listed on the student's checkout sheet. Anyone checking out a student may be asked to provide a photo ID.**

The only other ways a student may be checked out is by a hand-written note submitted to the secretary at the beginning of the day or a written email from a parent or guardian. This email must be sent prior to 8:30AM on the school day in which the student will be signed out. With both the handwritten note or the email, the included information must be the time that the student will be checked out, a valid, working phone number that can be called to verify the information, and the name of the person that will be checking out the student (**cannot be another student at the school**). The email will be valid for only one day. The email addresses that the email will need to be sent to : jmeadows@richton.k12.ms.us and benbryan@richton.k12.ms.us Please include both email addresses when you send your email.

OTHER GUIDELINES FOR CHECKOUTS:

1. Students will not be allowed to check themselves out. **Students will not be allowed to check out other students.**
2. As stated above, students must be checked out in person by someone on their checkout card or have an email sent to the school office prior to 8AM on the day that the checkout will happen.

3. Phone calls, text messages, or social media messages will not be accepted as proper methods of checking a student out from school.
4. The parent/guardian must come to school to make any changes to who is on a student's checkout list.
5. Only people on the student's checkout list will be allowed to check a student out from school **(cannot be another student)**.
6. It is extremely important that the school office personnel know and have on file all relevant information and paperwork concerning any custody issues involving our students.
7. Students will **NOT** be allowed to check out during lunch unless signed out IN PERSON by someone on the student's check out list. The person signing out the student CANNOT be another student.
8. Students must have parental permission AND must sign out in the office before leaving campus under all circumstances. Students must meet the requirements established under the Check-Out Policy. Students will be counted absent in the classes that are missed when they sign out early. Disciplinary action will be taken if a student leaves school and disregards proper procedure (Level 2 offense).
9. All of these guidelines apply to seniors as well except in the case where they are on a shortened day and their classes are over for the day (see policy below).
10. **In cases of emergencies and unforeseen circumstances, there may be exceptions to these guidelines. Only the Principal or Superintendent can make those exceptions.**

EARLY DISMISSAL OF SENIORS

EARLY RELEASE REQUIREMENTS

- Must have passed all state assessments that are required for graduation.
- Be on track to meet diploma requirements.
- Have a 2.0 GPA
- Seniors will only check out when their classes are over for the day. They are not to leave earlier than the end of their last scheduled class. If they have to leave before this time, they need to follow the aforementioned check out guidelines that apply to all students.

MAKE-UP WORK

Students in grades 7-12 who miss work due to absences are responsible for contacting teachers for make-up work on their first day back to school. **IT IS NOT THE RESPONSIBILITY OF THE TEACHER TO SCHEDULE MAKE-UP WORK!** Students have no later than 2 days after he/she returns to school to see the teacher for make-up assignments. The number of days allowed to make up work is directly proportional to the number of days missed.

Work missed due to school-sponsored activities or trips must be made up before the activity/trip, or the first day after returning to class.

If a student misses one day of school and was present when homework was assigned, the student must present the completed assignment immediately on return to the class, unless given specific relief by that teacher.

STUDENT DROP OFF AND PICK UP

Junior high and high school students brought to school by a parent/guardian must be dropped off and picked up at the designated place behind the gym. Traffic should enter off of Pecan Street, make the loop in the gravel parking lot, and drop-off/pick up front facing Pecan Street. The paved portion behind the gym is one-way for OUT-GOING traffic.

THERE ARE NO OTHER AUTHORIZED DROP OFF OR PICK UP LOCATIONS FOR STUDENTS.

STUDENTS ARE NOT BE DROPPED OFF OR PICKED UP IN FRONT OF THE SCHOOL OR ON THE SIDE OF THE SCHOOL. STUDENT PICK UP IN FRONT OF THE SCHOOL CAUSES UNNECESSARY CONFUSION DURING UNSCHEDULED EARLY DISMISSAL, AND POSES A SAFETY RISK.

Students who ride with faculty or staff should wait in that person's office or classroom until they leave for the day.

Students who walk or ride bikes to school will cross the street at the crosswalk in front of the Elementary School.

Students who ride to school with high school students are to come directly to the campus from the parking lot. At the end of the day, elementary and middle school students will wait on the cafeteria steps until high school students are released, then walk to the parking lot with them. If there is to be a change in transportation for the day, or for any length of time, the school needs that information in writing the morning the change is to take place. Notes must contain phone numbers for authentication. **We WILL not to make any changes by phone.**

Changes in transportation should be made prior to 2:15 p.m. After 2:15, we cannot guarantee the teacher will get the message in time to make the change.

BELL SCHEDULE FOR JUNIOR / HIGH SCHOOL

Junior High and High School students may eat breakfast from 7:20 a.m. until 7:40 a.m. At 7:40 the cafeteria must be cleared to allow elementary students to eat breakfast. The ONLY exception will be those arriving on a late bus.

**The District has adopted SAMS/Active Parent in an attempt to keep parents informed on grades. Teachers are required to keep them updated on a regular basis.*

GRADING

Promotion and retention of students shall be based upon their mastery of course objectives. Teachers in grades 7-12 shall record and report all grades in the manner prescribed by the Richton School District. Excused absences, conduct, and behavioral grades will be reported independently from academic achievement.

Students will complete 80 hours of computerized instruction for a one year course and 40 hours for a semester course. A minimum of ten (10) minor grades and four (4) major grades per student per nine week term shall be recorded in each teacher's grade book for each academic subject/course.

Major grades will count 60% of the nine week's average while minor grades will count 40% of the nine week's average. Semester grades will be calculated by averaging the two respective nine week's averages. In the event a semester exam is included in the calculation of the semester grade, it will count 20% of the semester average with each nine week's grade accounting for 40% of the semester average. Final yearly averages will be calculated by averaging the two semester averages.

- Teachers will input grades into their SAMS gradebook weekly.

CREDIT RECOVERY

Credit recovery allows a student to earn credit for a course he/she previously failed with a final average of 55 or above. Credit recovery is an option for students in grades 7 through 12.

An assessment is made of the student's mastery and non-mastery of course objectives. Based on that assessment, the student completes instruction only in the objectives that have not been mastered. When the student has met his/her objectives, he/she will receive a grade of 65 for the course.

No student will be allowed to take a pre-requisite to a state tested class. This includes English I, Intro to Biology, Foundations to Algebra, and World History. *Exceptions may be made with administration approval if the student has failed the class more than once.

Credit recovery is **NOT** an option for students who have failed both the course and state test in Algebra I, Biology, English II and U.S. History. The course must be repeated. If the student has passed the state test, he/she may take the course in credit recovery.

Students may only enroll in one credit recovery course per year. It is not the responsibility of the school to accommodate students who have failed classes.

Students enrolled in credit recovery will be required to report to class. Space in credit recovery is limited, and upper classmen will be given preference. In the future, credit recovery will be offered during the summer months at cost to the parent.

ONLINE COURSES

It is the policy of the Richton School District to use approved and available online resources and software as a means of credit recovery, alternate placement, elective credit, and advanced course placement. All students taking these courses are subject to all rules and integrity agreements in place by the Mississippi

Department of Education online course administration. Students must meet all prerequisites necessary by the Richton School District, and the Mississippi State Department of Education.

HOMework AND CLASSWORK

All homework and classwork fit into the total school program and are always purposeful. Homework is also a necessary part of the school program. It is not unusual for students to have homework on weekends. Students may choose to spend some weekend or holiday time on long-range assignments or make-up work.

TEXTBOOKS

ALL TEXTBOOKS ISSUED ARE THE PROPERTY OF THE RICHTON SCHOOL DISTRICT (*Ms Code 37-7-301*). Defacement, abuse of books, or the loss of books will result in the assessment of a damage fee. Parents/guardians assume full responsibility for issued textbooks, including the proper care of these books. ALL BOOK FINES MUST BE PAID BEFORE A STUDENT CAN RECEIVE TEXTBOOKS THE FOLLOWING YEAR.

Fines for lost textbooks will be assessed as follows:

- | | |
|-----------------------|-------------|
| • New book | Full price |
| • 1 year old | 75% of cost |
| • 2 years old | 50% of cost |
| • 3 or more years old | 25% of cost |

Fines for damaged textbooks will be assessed as follows:

- If pages are torn out, charge as if the book were lost (a book with missing pages is no good to the next student)
- Cover missing – charge as if the book were lost
- Writing in the book – charge $\frac{1}{2}$ of the schedule above, unless there are words marked through with ink. In this case, charge as a lost book.

VANDALISM

The District maintains adequate janitorial service. Every effort is made to keep buildings and grounds in good condition. Taking pride in one's surroundings is good training in citizenship and each one should do his/her part to keep the buildings and campus clean and attractive.

Gum chewing is not allowed in certain areas in school buildings due to the damages caused to equipment, clothing, books, desks, etc. when it is improperly discarded.

Students will not deface or destroy school property (such as textbooks, library books, buildings). Students guilty of this offense will be placed on the disciplinary ladder according to school policy, and restitution could be required from the students and/or their parents/guardians. In extreme cases, law enforcement may be called and criminal charges may be brought. If any pupil shall willfully destroy, cut, deface, damage, or injure any school building, equipment or other school property he shall be liable to suspension or expulsion and his parents or person or persons *in loco parentis* shall be liable for all damages. *Miss. Code Ann. Section 371119*.

USE OF TELEPHONE

The office telephone is a business phone; therefore, it is necessary to restrict its use. Students will not be allowed to call home for signed papers, forgotten homework, band instruments, etc without approval of the principal. Only in cases of emergency or illness will students be permitted to use the phone. Students must have a teacher or nurse referral to use the phone. Students are not to use their personal cellular phones to make any phone calls home. If caught, it will be considered a violation of the cell phone policy (See page 73)

DELIVERIES

Balloons, flowers, food, and other special deliveries for students will not be allowed or accepted at school. In the past, students were allowed to call in orders for food from off-campus restaurants. This will no longer be allowed. In reference to food deliveries specifically, these are the guidelines and rules:

- Students will not be allowed to call in orders for food to be delivered to the school.
- A person on the student's checkout list will have to bring food to the school and drop it off if they wish for their student to have outside food.
- Food must be brought to school before the student's lunch time. Food that is delivered late will not be given to the student until the end of the day.
- State law requires that any food that is brought to school from a restaurant (Wards, Little Caesars, Subway, etc...) must be repacked in a container or bag that does NOT have the restaurants logo/name on it. Food that does not meet the packaging guidelines set forth by the state cannot be delivered to a student.

VISITORS ON CAMPUS

EVERY VISITOR TO OUR CAMPUS MUST SIGN IN IMMEDIATELY IN THE OFFICE TO OBTAIN A VISITOR'S PASS. Visitors must be approved and show proper identification before being given a visitor pass. All visitors must wear this pass while on campus and return it to the office upon departure. Visitors will only be limited access to his/her own child. Anyone who fails to comply with this policy is subject to

being reported to local law enforcement authorities. **NO** teacher will allow you to enter his/her classroom or speak to a student or teacher without a pass. Students from other schools will not be allowed to visit our classes. When parents/guardians go to school to check out their children, they will wait in the office; they will not be permitted to visit the child's classroom or hallway. No visitors will be permitted in school hallways unless teachers on that hallway are notified in advance by the school secretary, even with a visitor's pass. **NOTE: TEACHERS WILL NOT BE CALLED OUT OF CLASS DURING CLASS TIME. A PARENT/TEACHER CONFERENCE MUST BE ARRANGED.**

PARENT/TEACHER CONFERENCES

Parent/teacher conferences are encouraged. Communication with parents is key to student success and positive rapport with the parent. To schedule a conference, parents may contact the school counselor, Mrs. Cassie Nicholson. All parent/teacher conferences will be prescheduled and will be held before or after school, or during planning periods. Teachers will not be called out of their classrooms to talk with a parent/guardian. There will always be two or more teachers or an administrator at every conference. The Richton School District forbids the use of any recording equipment--audio or video—at parent/teacher conferences.

SCHOOL TRIPS

During the school year classes may go on various trips which are planned in conjunction with activities encompassing the total school program. Teachers should request trips 30 days prior to the day of the event. Trips that are not academic in nature and that are not tied to content area will not be approved. No trip will occur during State Testing Periods. Teachers that go with their own children on trips outside of their own classes must take personal leave. Parents will be notified by note of any upcoming trips and associated costs. The parent/guardian **must** send a **signed** permission slip to the child's teacher.

STUDENTS WHO DO NOT HAVE A WRITTEN PERMISSION SLIP WILL NOT BE ALLOWED TO GO ON THE TRIP. PERMISSION GRANTED OVER THE PHONE IS INSUFFICIENT AND WILL NOT BE ACCEPTED.

Only students and school personnel will be allowed to ride on school buses used on trips unless administration gives prior approval. There is a chance that money will have to be collected for cost of gas.

Students with Class II or Class III discipline violations must receive permission from administration to be granted participation privileges. Any student who commits a Class II or Class III discipline violation or any other violation the administration deems worthy will forfeit the right to participate in further field trips for not less than 45 instructional days.

(Any out-of-state field trip or overnight field trip must be approved in advance by the Richton School Board.) Inappropriate behavior while on school field trips can result in school discipline.

CAFETERIA

The breakfast program begins at 7:20AM and ends at 7:40AM for Junior High / High School students. After 7:40AM, high school and junior high students will not be allowed in the cafeteria.

No outside food is allowed in the cafeteria. Students who bring lunches to school will eat in the cafeteria with the other children. Students and staff desiring a carbonated drink with their lunch must have the drink in a thermos bottle or unmarked cup. Prepackaged foods and/or foods purchased from outside the cafeteria must be removed from the original container and placed in an unmarked container. For example: Subway, Little Caesars, Wards, etc. will not be allowed in its original packaging. Canned juices are available for purchase in the cafeteria. Free and reduced price lunch applications are available to all students.

The Richton School District Board of Trustees has adopted a “no charge” policy in the cafeteria. No meals may be charged for anyone at any time. All students and school personnel may pay for their meals in advance by week or month. The amount unused will remain in the individual’s account until used. Federal law prohibits food programs to accrue debt. **Students cannot receive a report card at the end of the school year if they owe money in the cafeteria.**

FUND RAISERS

Fund raisers will be permitted only when approved according to the school board policy on fund raisers.

Section IV.

We ask that parents/guardians cooperate by keeping students with contagious diseases home until all signs are clear and danger of infection is gone. The school will notify parents if there are signs of contagious sickness. Parents/guardians will be responsible for picking up the child and determining if a problem does exist. Please use the following guidelines for keeping children with contagious diseases home:

STUDENT COMPLAINTS OF SEXUAL DISCRIMINATION / HARASSMENT

TITLE IX PROCEDURES

Students in the Richton School District are protected from sexual discrimination, including sexual harassment, by *Title IX of the Education Amendment of 1972 of the Civil Rights Act*. It is the intent of the Board to maintain an environment free from sexual harassment of any kind. Therefore, unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited. Please report any infractions to a principal immediately. (Policy JBPA).

HARASSMENT

Harassment is forbidden between student and student, teacher and student, student and teacher, parent and teacher, teacher and parent, teacher and teacher or by any individual to another individual. Students are to report any harassment to a teacher or staff member as soon as possible and a preliminary report will be filed.

Harassment is forbidden within the confines of the school property and while participating in any activity provided by the school authorities. Harassment may include, but not be limited to:

- Name calling
- Pulling on clothing
- Graffiti
- Unwelcome touching of persons or their property
- “Accidentally” brushing against sexual parts of other persons
- Hand signs or signals
- Stalking
- Leaning over invading a person’s “personal space”
- Indecent exposure
- “Wolf whistles,” lip-smacking, lip licking, animal noises, etc.

EMERGENCY OPERATING PLANS

The Richton School District has developed emergency operating plans to save lives during emergency situations. These plans include operating procedures to be used during natural or manmade disasters which have been approved by the Civil Defense Office in Jackson, MS.

If a **severe weather** alert is issued by the U.S. Weather Bureau, the local Civil Defense officials notify the schools. Children will be retained at school until it has been deemed safe to dismiss them.

During threatening weather conditions students are assigned to those areas of the school building that have been identified as sheltered areas. School will not be dismissed when tornado conditions exist due to the fact that the school buildings are probably the strongest buildings in the school district, and the vulnerability of school buses should make it impossible to run the buses.

The school requests that parents not pick up students from school during the height of a storm, due to the confusion caused when school personnel, who have other responsibilities, have to locate students. If you should want to pick up your child, please do so prior to the threatened storm. **If you feel you must be with your child you may come to the school and stay with the child in the shelter. If we have the children in the hall, under a warning, they will not be allowed to leave the school.**

Should conditions dictate that school be dismissed or canceled prior to the opening of school, appropriate radio stations, social media, and WDAM television station will be notified. Parents may also call 601-788-6581 or 601-788-9608, or check our RICHTON SCHOOL DISTRICT Facebook page for additional information. Students will not be allowed to use the telephone during severe weather alerts, except in cases of extreme emergency. **We request that parents make arrangements with their children concerning with whom or where they will go in the event that school dismisses early due to weather.** If dismissal is delayed until the weather subsides, students could possibly arrive at home later than usual.

Should you have questions concerning emergency operation plans for the school you may call 601-788-6581 for further information.

Also, remember that we are **Richton School District** and not Perry County Schools.

MISSISSIPPI SCHOOL SAFETY ACT OF 2001

The School Safety Act of 2001 is cumulative and in addition to the school district's existing authority regarding discipline of students. Pursuant to the Act, the school district has adopted policies and procedures that recognize the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct.

In the event the teacher removes a student who, in the professional judgment of the teacher, is disrupting the learning environment, and the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian. During the conference, the disruptive behavior will be discussed and agreements reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other written communication.

Among other provisions, this act provides that a student 13 years of age or older may be subject to automatic expulsion on the third occurrence of habitually disruptive behavior during a school year. (Students under age 13 may be subject to expulsion for such conduct pursuant to other school policies and procedures.)

The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or school-related activity and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees, defiance, ridicule or verbal attack of a teacher, and willful, deliberate and overt acts of disobedience of the directions of a teacher.

The term "habitually disruptive" refers to such actions of a student which cause disruption in a classroom, on school property or vehicles, or at a school-related activity on more than two occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

After the second instance of behavior that is determined by the principal or designated administrator to have seriously interfered with the school environment, the parents/guardians will be contacted to help develop a behavior modification plan for the student.

CODE OF CONDUCT

NO CHILD LEFT BEHIND ACT

A student code of conduct, developed under the leadership of the district administration, and in cooperation with staff, will be made available and distributed to parents and students outlining student conduct expectations and possible disciplinary actions, including consequences for disorderly conduct, as required by the No Child Left Behind Act of 2001 (NCLBA). In addition, each school may publish a student/parent handbook detailing additional rules specific to that school. [All rules applying to student conduct shall be posted in a prominent place in each school building.]

Students in violation of Board policy, administrative regulation and/or code of conduct provisions will be subject to discipline up to and including expulsion. Students may be denied participation in extracurricular activities. Titles and/or privileges available to or granted to students may also be denied and/or revoked (e.g., valedictorian, salutatorian, student body, class or club office positions, senior trip, prom, etc.). A referral to law enforcement may also be made.

The superintendent shall establish and the board shall adopt a code of student conduct that shall be provided to all teachers, school personnel, students and parents, legal guardians or custodians at the beginning of each school year. The superintendent shall develop the code of conduct in consultation with principals, teachers, school personnel, students and parents, legal guardians or custodians.

The code of conduct shall be based upon but not limited to the rules of student conduct including policies JCA, JCBD, JCBE and JCBE and the rules of discipline including policies JD, JDA, JDB, JDC, JDD, and JDE and any and all related policies adopted subsequent hereto. The code shall be made available in the student handbook or other similar publication. The code of conduct shall include, but not be limited to the following items:

1. Specific grounds for disciplinary action under the school district's discipline plan;
2. Procedures to be followed for acts requiring discipline, including suspensions and expulsion, which comply with due process requirements;
3. Explanations of the rights and responsibilities of students with regard to:
 - a. Attendance;
 - b. Respect for persons and property;
 - c. Knowledge and observation of rules of conduct;
 - d. Free speech and student publications;
 - e. Assembly;
 - f. Privacy; and
 - g. Participation in school programs and activities.
4. The School Safety Act of 2001 provides a procedure for disciplining students whose behavior, as determined by the principal or designated administrator of each school, seriously interferes with the school environment as defined by the Act. The Superintendent is authorized to more fully develop and implement the following procedures in the school district. These provisions of the School Safety Act of 2001 are cumulative and in addition to existing school district discipline procedures.

The teacher is the authority in the classroom and, as such, is charged with classroom management. The administration will continue to support the teacher in decisions made in compliance with the written discipline code of conduct, school policies and procedures.

- a. Teachers continue to have the authority to remove students from their classrooms under existing policies and statutes for certain behaviors and/or actions, and such behavior would not necessarily constitute "disruptive behavior" as defined in the School Safety Act of 2001 ("Act"). In accordance with the Act and the Attorney General opinion dated June 25, 2001, this District designates the [building principal or assistant principal] of each school to make the determination as to whether a student's behavior seriously interferes with the school environment. Every removal from the classroom does not constitute an instance of "disruptive behavior" as defined by the Act.
 - b. "Disruptive Behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees; defiance, ridicule or verbal attack of a teacher; and willful, deliberate and overt acts of disobedience of the directions of a teacher.
 - c. "Habitually disruptive" refers to such actions of a student which cause disruption in a classroom, on school property or vehicles or at a school-related activity on more than two (2) occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.
 - d. Should a student be removed from the classroom by a teacher because a teacher, in his or her professional judgment, has determined that the student is disrupting the learning environment under this Act, the teacher should describe the student's behavior in the information provided to the [principal or assistant principal]. If the [principal or assistant principal] disagrees with the teacher's decision to remove the student, the principal may return the student to the classroom. The teacher may request that the [principal or assistant principal] provide justification for returning the student to the classroom. A student does not have to be engaged in disruptive behavior as defined by Mississippi Code Annotated ' 37-11-54 (or the Act) to be removed from the classroom. A student may be removed from the classroom for other qualifying behavior under the school district's discipline plan.
 - e. Should the [principal or assistant principal] determine that the student's conduct does rise to the level of "disruptive behavior" required in the Act or in accordance with existing procedures addressing the removal of the students from class, the parent/guardian will be contacted and a conference held with the parent/guardian by the most effective and/or efficient means available, including but not limited to, telephone, e-mail, written notice via mail or delivery. After the conference and application of the appropriate discipline under the school discipline plan, the student may return to class.
 - f. After the second incident of disruptive behavior as determined by the [principal or assistant principal], the [principal or assistant principal], the student's parent or guardian and the reporting teacher or teachers shall develop a behavior modification plan. The conference to develop the plan may be held in person or via telephone. If the parent/guardian does not respond or refuses to participate, the teacher(s) and the [principal or assistant principal] shall prepare the plan and mail a copy to the parent/guardian.
 - g. Once determination has been made by the [principal or assistant principal] that the student has not complied with the behavior modification plan, the [principal or assistant principal] shall follow the procedure for disciplining the student according to the student code of conduct and discipline plan, which may include expulsion to the alternative school for applicable offenses. The Act limits the expulsion remedy to students age 13 and above. However, under board policy and other discipline procedures, expulsion may also apply to students under age 13.
 - h. If a student under age 13 has two instances of behavior that the [principal or assistant principal] classifies as "disruptive behavior," the District will appoint trained personnel to evaluate the child's behavior through an appropriate behavioral assessment. The assessment will not be one such that it is in conflict with federal laws requiring parental notification of certain types of evaluations.
 - i. Any discipline, including expulsion, for "habitually disruptive" behavior under the Act, must follow existing procedures to ensure that the student is afforded his / her due process protections. (Section 37-11-55 (b))
5. The school district will more fully develop and implement procedures for devising behavior modification plans under the School Safety Act.
 6. It is this school district's policy to have procedures for dealing with a student who causes a disruption in the classroom, on school property or vehicles, or at school-related activities. These procedures will specifically address discipline measures for gang-related activity in the school, on school property or vehicles, or at school related activities.

STUDENT RESTRAINT POLICY

RE: Section 37-9-69; Section 37-11-57 of the Mississippi State Code of 1972, annotated.

In accordance with referenced legislation, it is recognized that instructional and other staff may be called upon to intercede in situations wherein students may be displaying physically violent or non-compliant behavior. District policy positively prohibits the use of excessive force, or cruel and unusual punishment regarding student management. Staff may, however, use restraint techniques to control and restrain a student when they have a reasonable belief that:

1. The student is a danger to himself.
2. The student is a danger to others.
3. To prevent the destruction of property.
4. If the student refuses to move from one location to another after being so ordered.

Any use of restraint will be preceded by the following verbal intervention:

1. Ask for assistance from other staff.
2. Ask the student to comply.
3. Advise the student they will be restrained if behavior does not cease.
4. Order the student to desist in the behavior.
5. Restrain the student.

This continuum is not meant to prevent immediate restraint if so warranted. Under all circumstances, without exception, the student is to be restrained at the location the behavior occurs. Students will not be sequestered for restraint application. Restraint is to be applied only until compliance is met and the student is no longer a danger or is compliant. Under absolutely no circumstances will restraint techniques be used as punishment.

If the student is non-compliant with verbal intervention, the staff member should, if physically possible, apply any of the restraint techniques that have been taught by the district. Staff is cautioned to use common sense and sound judgment in responding to student altercations. For example, a 5'2" teacher cannot be expected to restrain a 6', 200-pound football player.

Acceptable restraint techniques include:

1. Passive Restraint System (MDE System)
2. Pressure Point Control Techniques.
3. Any generally accepted law enforcement restraint techniques.
4. MANDT
5. CPI

Site supervisors will ensure that restraint reports are completed and immediately forwarded to the superintendent and include the following information:

1. Previous history of disciplinary action.
2. Events precipitating (who, what, how, when, where, why) the use of restraint to included statement of reasonable belief. Include verbatim statements of student.
3. Exact type of restraint methods and holds utilized.
4. Level or resistance displayed by student during restraint to include language and behavior.
5. Subsequent action after control was achieved.

ACCEPTABLE USE POLICY

Internet Use

The Richton School District is committed to providing the best possible instructional assistance for each student and teacher in the district. The availability of technology as a district-provided resource has the potential for tremendous benefits to students and staff in terms of its use as an instructional tool within and outside of the classroom.

With the installation of an Internet system, students and teachers may have access to materials not considered to be of educational value. The Richton School District believes that the educational value gained through the use of the Internet system outweighs the possibility that users may obtain materials not consistent with the educational goals of the district.

User operation of the Internet system relies upon guidelines to which the user must strictly adhere. The user must be aware of and accept the system. If the user is found to have violated these responsibilities, the Richton School District will terminate his/her access to the network, and

disciplinary action will be taken in accordance with school district policies. This disciplinary action will be taken at the discretion of individual school administrators.

Section V.

District Policies & Guidelines

PROCEDURES FOR ADMINISTRATION OF CODE OF CONDUCT

In each class of violations, the principal, assistant principal or designated person shall hear the student's explanation and, if necessary, consult further with school personnel before determining the classification of the violation. Due process involving student rights and the rights of others shall be followed. No student shall be punished for any suspected violation until the person responsible for implementing the disciplinary action has considered evidence other than hearsay and has given an opportunity to the student to be heard. Significant interruptions of the educational process resulting from overt disrespect shown by students to faculty members, unruly student behavior, and vulgar or otherwise discourteous actions will not be permitted.

With reasonable cause, school officials have the right to inspect school property including lockers. Furthermore, with reasonable cause, school officials have the right to search personal property, including but not limited to vehicles driven on campus, purses, and backpacks. This is allowed to insure the safety and security of pupils and the environment of the school.

School officials may collect items which are hazardous or disruptive to the educational process and environment.

Under no circumstances should academic grades be used as a means of maintaining order in a classroom, nor should student behavior be included in calculating grades.

All academic grades should reflect the teacher's most objective assessment of the student's academic achievement.

Disciplinary referral forms should be completed by the faculty member on each incident serious enough to merit referral to administration or required by school or Board policy.

An effort will be made to minimize the number of times that minor offenses are repeated by the same individual. Often, the efforts and time of the school faculty and administration are greatly monopolized by the repeated violations of the tardy policy, dress codes, and other class one rules. Accurate records will be maintained, and repeated disregard for these policies will be dealt with appropriately and definitely.

ALTERNATIVE SCHOOL

Students in Alternative School will follow the Alternative School handbook rules. For offenses, they will receive either corporal punishment or OSS as deemed fitting by the Alternative School teacher and the administration. In case of a class III offense, the administration will take responsibility for the punishment.

Students assigned to the Alternative School will not leave the alternative school building/classroom during the school day unless supervised by the alternative school teacher or other designated faculty.

In some cases, Alternative School students will not be allowed to ride the school bus either to or from school; they will not take part in any extracurricular activity (sports, beauty pageants, proms, dances, etc.) and will not attend any local, school sponsored function during the time they are assigned to the Alternative School.

Parents/guardians of students in the Alternative School must come to the High School Office to check their child out early. Students will not be allowed to sign out on a parent note or phone call.

Alternative School students will not be allowed to eat breakfast or lunch in the cafeteria. All meals will be taken to the Alternative School building/classroom. If it becomes necessary for the Alternative School students to eat in the cafeteria for breakfast and/or lunch they will not eat with their peers, and they will not enter the cafeteria with head coverings, "sagging" pants, or other dress code violations.

Students assigned to Alternative School or In-School Suspension will be required to surrender all electronic devices to the Alternative School Staff. Devices will be given back to students at the end of each day. Richton School District will not be responsible for any damages or losses to the electronic device(s) while on our campus.

ALTERNATIVE EDUCATION PLACEMENT REQUIREMENTS

The Office of Dropout Prevention and Compulsory School Attendance Enforcement has had the opportunity to speak to several districts over the past year regarding alternative education placement. We know that during this time of the year, most school districts are in the process of reviewing and or revising district policies. The Office of Dropout Prevention and Compulsory School Attendance Enforcement in conjunction with the Office of Safe and Orderly Schools have examined specific laws, policies, and Attorney General Opinions governing the area of alternative education. We want to take this opportunity to provide guidance to school district personnel due to the complexity of the issue.

Mississippi Code of 1972 Annotated Section 37-13-92, (l)(a) requires Alternative School assignment be available to "any compulsory-school-age child who has been suspended for more than ten (10) days or expelled from school, except for any student expelled for possession of a weapon or other felonious conduct. In accordance with Mississippi Code of 1972 Annotated Section 37-11-18, any student in any school who possesses any controlled substance in violation of the Uniform Controlled Substances Law, a knife, handgun, other firearm or any other instrument considered to be dangerous and capable of causing bodily harm or who commits a violent act on educational property as defined in Section 97-3717, Mississippi Code of 1972, shall be subject to automatic expulsion for a calendar year by the superintendent or principal of the school in which the student is enrolled; provided, however, that the superintendent of the school shall be authorized to modify the period of time for such expulsion on a case by case basis. Such expulsion shall take effect immediately subject to the constitutional rights of due process, which shall include the student's right to appeal to the local school board.

Mississippi Code of 1972 Annotated Section 37-13-92, (l)(e) states that no school district is required to place a child returning from out-of-home placement in the mental health, juvenile justice or foster care system in an alternative school program. Placement of a child in the alternative school shall be done consistently, and for students identified under the Individuals with Disabilities Education Act (IDEA), shall

adhere to the requirements of the Individuals with Disabilities Education Improvement Act of 2004. If a school district chooses to place a child in alternative school the district will make an individual assessment and evaluation of that child in the following time periods:

Five (5) days for a child transitioning from a group home, mental health care system, and/or the custody of the Department of Human Services, Division of Youth and Family Services custody;

Ten (10) days for a child transitioning from a dispositional placement order by a youth court pursuant to Section 43-21-605; and

An individualized assessment for youth transitioning from out-of-home placement to the alternative school shall include:

- A strength needs assessment.
- A determination of the child's academic strengths and deficiencies.
- A proposed plan for transitioning the child to a regular education placement at the earliest possible date.

However, if the actions of a student, although not rising to the level of a felony, are such that the student poses a threat to the safety of himself or others or will disrupt the educational process at the alternative school, the school district is not required to admit the student into the alternative school.

GENERAL CODE OF CONDUCT

Conduct shall apply to all students, parents, and school personnel except in situations where students with handicapping conditions are documented and adherence to state or federal law is required.

Students enrolled in Richton School District schools should:

*The principal can waive this if the student has dual enrollment in a college or is employed in a job that requires early dismissal.

STUDENT CONDUCT AT EXTRACURRICULAR ACTIVITIES

Extracurricular activities are considered an extension of the school, therefore school rules and policies still apply. Students who fail to do so will be subject to disciplinary action in accordance with district policy.

THREATS OF BODILY HARM

As a result of the violence and numerous shootings that have taken place nationally on school campuses the Richton School Board feels that it must act to prevent an incident of this nature from occurring in our school district. The following actions will be taken with students making threats to do bodily harm on a school campus or at a school function:

Students making threats to other students, teachers, administrators, other school personnel or in the community that they would like to do bodily harm to someone on the school campus or at a school function will be reported to the police department. Students making these threats may be recommended to the School Board for expulsion. The principal or other administrators will have the right to take precaution against any threats that are perceived to be legitimate and serious. Before the student returns to school they will need to provide school officials with documentation that they have undergone counseling and/or psychological evaluation at the expense of the parent/guardian. Before the child returns, based on psychological evaluation, the Richton School Board may place the child in alternative school for a minimum of 45 days.

Students who hear other students making threats to do bodily harm to students, teachers, administrators or other school personnel are encouraged to report this to a teacher or a school administrator. The names of students making such reports will be kept in confidence. School personnel are aware of the unwritten code that you do not "tattle" on a fellow student, but feel that, when the lives of one or more students, teachers, administrators or other school personnel are threatened, this code does not apply. Students who withhold such information could face disciplinary action.

PHILOSOPHY OF DISCIPLINE (Defined)

Instruction should occur in an environment that is conducive to learning. Order and discipline are basic elements of such an environment and contribute to an atmosphere in which students, parents, and school personnel work cooperatively toward mutually accepted goals.

IN SCHOOL INTERVENTION (ISI): In School Suspension is a structured disciplinary action in which the student is removed from the regular classroom activities but is not dismissed from the school setting. The principal, assistant principal or designated person has the authority to assign students to ISI for a reasonable and specified period of time, in compliance with the Code of Conduct. Assignment of ISI must follow the guidelines established in this handbook.

CORPORAL PUNISHMENT: The principal, assistant principal or designated persons may administer corporal punishment on students who are insubordinate or disobedient, or who violate a rule of the school. Any administration of corporal punishment shall be in a reasonable manner and applied only to the student's buttocks in such a manner that there will be no permanent effects. Reasonable administration of corporal punishment shall be determined considering the age, size, sex, and general physical strength of the student; the size of the person administering the punishment; the nature of the offense; and the type of instrument used to administer the punishment. Further, corporal punishment shall never be administered to any student except in the presence of another certificated employee of this school district. Further, corporal punishment shall not be administered in any manner that would unduly embarrass the student (e.g. in the presence of other students). The principal, assistant principal or designated person will prepare a written report for each situation. One copy will be sent home, one will remain in the principal or assistant principal's office, and one will be sent to the superintendent's office. **In the event that a student, parent or guardian refuses corporal punishment as a form of punishment, then the alternate form of punishment will be a five day out of school suspension.**

OUT OF SCHOOL SUSPENSION (OSS): Suspension is defined as the removal of a student from school and all school sponsored activities for a time of one to ten days as a result of violation of District rules. The authority to suspend a student rests entirely with the principal, assistant principal or designated person, but must follow the guidelines established in this handbook. No alternate arrangements between parents and principals will be made once the decision to suspend has been made. Parents should arrange for their child's care at home during the suspension period. If the student is to be suspended immediately during normal school hours, the parent/guardian will be contacted to pick their child up immediately. The suspension is considered an unexcused absence from school. On returning to school, the student may be placed in the Alternative School depending on the severity of the offense and/or the number of times the student has committed a Class II or III Offense.

SCHOOL BUS SUSPENSION: The principal, assistant principal or designated person has the authority to deny the student the privilege of riding a school bus. This denial, based on the misconduct of the student for an offense related to bus transportation, will be for a specified and reasonable period of time. The parents will be notified prior to the suspension.

EXPULSION: Expulsion is the removal of a student from school and all school sponsored activities for a period of more than ten days for violation of school rules or policies. The authority to expel a student rests with the Richton School District Board of Education. Once a student is expelled from Richton Schools, the student is not permitted on campus, and must stay a minimum of 300 feet from campus.

NOTIFICATION OF AUTHORITIES: The principal, assistant principal or designated person will notify law enforcement authorities for each occurrence of unlawful activity at school or school-sponsored activities.

CLASSROOM MANAGEMENT

The discipline program which governs student behavior includes behaviors and consequences that result in a student being placed on a discipline ladder. The behavioral process is closely monitored and documented to insure a quality education and a safe environment for all students. The first level of discipline begins in the classroom with each teacher's assertive discipline plan. The teacher's procedure for managing classroom behavior will be as follows:

- ✦ Parent conference or parent contact
- ✦ Break detention
- ✦ Referral to office

Universal Classroom Rules

1. Follow all rules in the student handbook
2. Be prepared for class by bringing materials required by the teacher
3. Be on time and ready to work
4. Respect yourself, other students, and the teacher
5. Follow all oral and written directions the first time given
6. No eating or drinking in class

Teacher may add additional rules to this list for their classes

On the 3rd office referral, the Behavioral Referral Process begins as stated in the *Richton School District Teacher Support Team Manual (Tier Process)*. In accordance with the Mississippi Safety Act of 2000, for a student who causes a disruption in the classroom, on school property or school vehicles, or at school-related activities during the school year, the principal, the reporting teacher, the Teacher Support Team and the child's parent(s) will develop a Behavior Modification Plan (BMP). The goal of this process is to identify and correct discipline problems.

The discipline ladder does not reflect a step-to-step approach. In other words, if a student commits a very serious infraction (e.g. making a bomb threat) and the student has not committed any other offenses during the year, the student will not begin at Step 1. In accordance with the step assignments listed herein, that student will be placed on the ladder at Steps 1-2 for Class III Offenses. Further, the discipline ladder is a guide. Administrators have discretion to use their professional judgment in the management of discipline based upon the circumstances. A student will be subject to one or more of the alternatives at each step based upon the circumstances of the offense.

Other Important Information Regarding Discipline

1. No student will be placed at a given step on the discipline ladder more than two (2) times. The student will be escalated to the next higher step after his/her second placement on any step.
2. Any discipline/behavior problem resulting in the student's placement on the ladder for Class III Offenses will be referred to appropriate law enforcement officials for action.

Mississippi State Law requires that an Administrator recommend automatic expulsion for a student guilty of the following violations. Discipline procedures are addressed for each of these offenses in detail in the student code of conduct section of the handbook.

- Student's involved in any Gang-Related Activities. MS code 37-11-37
- Possession of any instrument defined as a weapon. MS code 37-11-18
- Possession or under the influence of drugs. MS code 37-11-18
- Possession or under the influence of alcohol. MS code 37-11-18
- Possession of Explosive Devices. MS code 37-11-18

DISCIPLINE POLICY REGARDING STUDENTS WHO TRANSFER INTO THE DISTRICT BUT RESIDE OUTSIDE OF THE RICHTON MUNICIPAL SEPARATE SCHOOL DISTRICT

Due to the fact that the Richton School District has in the past experienced discipline problems with students who have transferred into the district but reside outside the district, and said discipline problems have at times been a disruption to the educational atmosphere of the Richton School District, the Richton Board of Trustees hereby adopts the following policy concerning said students; said students shall be referred to as “out-of-district students:”

EACH YEAR out-of-district students’ admission status will be reviewed by the administration of Richton Municipal Separate School District.

The parents or guardians of initial out-of-district students will complete an application that requires each student to bring **BOTH** academic and discipline records to the principal of the school the student plans to attend. If the student attended this school district in the past year it will not be necessary to bring the academic and discipline records with the application. The administration will determine to admit or not to admit the student. If an out-of-district student is admitted, they are on a 90 calendar-day probationary period. The probationary period will begin the day the student is admitted. If discipline issues arise, the student may be removed from the school district, as per the student/parent handbook, by the administration. The parent or guardian may appeal to decision to the Board of Trustees. The request for the appeal must be in writing and presented to the principal seven (7) calendar days after notice of removal.

Out-of-District Students: Grounds for Removal

- 1) Class 1 – 3 offenses**
- 2) Class 2 – 2 offenses**
- 3) Class 3 – 1 offense**
- 4) Any combination of offenses that equal 3 offenses**

All discipline records, including attendance, for out-of-district students shall become cumulative and the cumulative record shall be considered when determining admittance to the Richton Municipal Separate School District each year. Result may be non-renewal for the next academic year or expulsion/dismissal for the present academic year.

DRESS CODE LADDER

- Step 1: Written warning on dress code form and call parent/guardian for change of clothes
- Step 2: 1 day ISI
- Step 3: 2 days ISI
- Step 4: 3 days ISI
- Step 5: 4-6 days of ISI
Parent notification via phone, mail, or signed referral form required

THE PRINCIPAL WILL MAKE THE FINAL DETERMINATION REGARDING DRESS CODE ISSUES AND THE THE DISCIPLINARY ACTION INVOLVED.

DRESS CODE POLICY

Dress and grooming codes are based upon certain sound foundations, not arbitrarily selected and dictatorially enforced for no cause. Laws surrounding indecent exposure, conditions necessitating safety and personal well being, health and sanitation are some of the basic fundamentals. Conditions conducive to learning must not be impaired because of temporary and individualized fads. In order for students to be able to cope with even larger restrictions and responsibilities, they must learn while still in school to observe basic regulations set forth for the group as a whole. Keeping the total concept in mind and realizing a need to satisfy peer group desires for current fashions, the Board will make an effort periodically to restructure the dress and grooming code according to current conditions.

The Dress Code for Richton School District provides guidelines which will govern the choice of appropriate school dress by our students. ALL STUDENTS, SEVENTH THRU TWELFTH GRADE, INCLUDING ALTERNATIVE STUDENTS, ARE TO OBSERVE THE POLICIES LISTED BELOW. ANY STUDENT WHO VIOLATES THE REGULATIONS WILL BE SUBJECT TO CONSEQUENCES AS LISTED IN THIS HANDBOOK.

Basic Rules for Dress:

1. Students must present a neat, well-groomed appearance. All clothing must be worn in a manner that covers the body in appropriate fashion.
2. "Sagging" is not permitted. Pants and Shorts will be worn at or above the waist at all times.
3. Appropriate undergarments must be worn with all clothing. Undergarments must not be visible anywhere. Clothing considered and designed as an undergarment must not be worn as an outside garment.

6. Clothing must not present an unacceptable view of the body whether standing, sitting, or walking.
7. Blankets are not permitted on campus.

3. Backless, racer back, or low-cut clothing is **NOT** permitted.
4. Tank tops, muscle shirts, sleeveless undershirts, or anything resembling these items are not permitted unless they are worn with T-shirts or other clothing that provides adequate cover. The exception is when practicing athletics at the appropriate location.
5. See through, sheer or netting type material is not permitted unless all other rules are applied.

Pants/Shorts/Skirts:

1. Shorts/walking shorts, skirts, and dresses should be long enough to go to the mid-thigh. Items that appear to be too short may be sent to the office to be approved. If they are not of proper length, they may be referred to the office and given a discipline referral. Biker Shorts/Hustler shorts are prohibited.

The principal or principal's designee will take any reasonable and appropriate actions to deal with any dress situations not specifically covered in the dress code.

In all instances, school administrators will determine the appropriateness of school dress, considering the style or manner in which the clothing is worn and the fit of the garment.

DRESS CODE WILL BE STRICTLY ENFORCED AT ALL TIMES, INCLUDING AT THE ALTERNATIVE SCHOOL AND IN-SCHOOL-SUSPENSION.

****In the event that the student is referred to the office for a dress code offense, the absence from the class is unexcused.**

The Right of every Student to take “Reasonable Actions”

SB 2015 requires that discipline policies must recognize the fundamental right of every student to take “reasonable actions” as may be necessary to defend himself from an attack by another student who has evidenced menacing or threatening behavior to a teacher, principal, counselor or other school employee when subjected to bullying or harassing behavior.

Bullying/Harassment/Intimidation

The faculty and staff of Richton School District are committed to a safe educational environment for all students. Such an environment should be free from intentional acts of bullying, harassment, intimidation, or cyber stalking. **“Bullying, harassment, intimidation, or cyber stalking” means any intentional written, verbal, or physical act that meets any of the following criteria:**

- Physically harms or threatens harm against a student or that damages or threatens to damage the student’s property; or
- Has the effect of substantially interfering with a student’s education; or
- Is severe, persistent, or pervasive in that it creates an intimidating or threatening educational environment; or
- Has the effect of substantially disrupting the orderly operation of the school.

Bullying, harassment, or intimidation can take many forms including but not limited to: slurs, rumors, jokes, innuendos, demeaning comments, cartoons, pranks, gestures, physical attacks, threats, or other written communications, plus oral or physical actions against another person. “Written communications” may include all forms of text messaging and other forms of electronic communications and media considered cyber in nature.

“Intentional acts” refers to an individual’s unforced or willful choice to engage in the questioned act rather than the ultimate consequences of such action(s).

Counseling, appropriate discipline, and/or referral to local law enforcement will be used to change the behavior of the perpetrator and remediate the fault towards the victim. This may include various appropriate behavioral intervention(s), restoration of a positive learning environment, and support for those impacted by the acts of bullying, harassment, intimidation, or cyber stalking. False reports or retaliation for bullying, harassment, intimidation or cyber stalking may also constitute violations of this policy.

Within the category of harassment, sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when submission to or rejection of this conduct explicitly or implicitly affects a student's right to learn or participate in a comfortable and supportive environment due to the creation of an intimidating or hostile learning environment.

Any student who feels that he/she has been a target of bullying, harassment, intimidation, or cyber stalking or any parent who feels his/her child has been a target of bullying, harassment, intimidation, or cyber stalking in school; on school property; or while participating in a school sanctioned activity should report the incident promptly, either verbally or in writing, to a school staff member, preferably the principal. All complaints will be investigated by the principal or his/her designee according to policy. Depending on the nature of the offense, disciplinary action ranging from counseling to suspension or expulsion to notification of local law enforcement may be taken consistent with school discipline policies.

Any allegation of bullying harassment, intimidation, or cyber stalking and the results of the investigation shall be kept confidential to the extent reasonably possible under the investigation process. Witnesses and those interviewed shall be informed of the confidential nature of the circumstances and the resulting investigation, and shall be informed that it will be a violation of this policy to disclose the allegation or the nature of the investigation to others. Disclosure may result in disciplinary action.

School officials recognize the right of every student to take reasonable actions as may be necessary to defend himself or herself from an attack by another student who has evidenced bullying, harassing, intimidating, or cyber stalking behaviors. The Richton School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying, harassing, intimidating, or cyber stalking behaviors.

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Students in the Richton School District are protected from bullying, harassing, intimidating, or cyber stalking behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment that is free from bullying, harassment, intimidation, and cyber stalking. The complaint procedure of the Richton School District provides a process for filing, processing, and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person(s) to adhere to these stated procedures will constitute a waiver of the right to pursue a complaint at any level, including a review by the Board of Trustees of Richton School District.

1. Definitions -- Bullying, harassment, or intimidation is any pattern of gestures or written, electronic, or verbal communications, or physical act, or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits.

Cyber stalking is generically defined as any communication to another person repeatedly for the purpose of threatening, terrifying or harassing that person. Specifically, cyber stalking may be defined as any use

in electronic mail or electronic communication of any word or language threatening to inflict bodily harm to any person or to that person's child, sibling, spouse or dependent, or physical injury to the property of any person, or for the purpose of extorting money or other things of value from any person. Electronic mail or communication to another that knowingly makes false statements concerning death, injury, illness, disfigurement, indecent conduct, or criminal conduct or the person electronically mailed or any member of that person's family or household with the intent to threaten, terrify, or harass is also considered cyber stalking. Finally, cyber stalking may also be defined as knowingly permitting an electronic communication device under the accused person's control to be used to make threatening, terrifying, or harassing communications.

A "hostile environment" means that the victim subjectively views the conduct as bullying, harassing, or intimidating behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that is bullying, harassing, or intimidating behavior.

Bullying, harassing, intimidating, or cyber stalking behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

2. Procedures for Processing a Complaint -- Any student who feels he/she has been a victim of bullying or harassing behavior, or has witnessed, or who has reliable information that a student has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor, or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses, and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the

superintendent. The Board shall, within twenty (20) working days allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

SEX DISCRIMINATION, SECTION 504, ADA, AND SEXUAL HARASSMENT

It is the policy of the Richton School District not to discriminate on the basis of sex in its educational programs, activities, and employment policies as required by Title IX of the 1972 Educational Amendments. Inquiries regarding compliance with Title IX may be directed to Mr. Clay Anglin, Superintendent, in care of Richton School District, P.O. Box 586, Richton, MS 39476.

Questions regarding compliance with Section 504 procedures may be directed to Vera Lampley, Special Services Administrator of the Richton School District at the address listed above. Section 504 Complaint Procedures are found in School Board Policy Manual of the Richton School District.

It is the policy of the Richton School District not to discriminate on the basis of handicap/disability in the services, programs, and activities of the school district. Inquiries regarding compliance with Americans with Disabilities Act (ADA) may be directed to Mr. Clay Anglin, Superintendent, at the address and telephone referenced above. ADA procedures are found in School Board Policy Manual of the Richton School District.

Sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when submission to or rejection of this conduct explicitly or implicitly affects an individual's employment, or a student's attendance at school, or unreasonably interferes with an individual's work performance, a student's academic performance, or creates an intimidating or hostile work or learning environment. Victims of sexual harassment, whether an employee or student, should address complaints to their immediate supervisor or to the superintendent per the policies found in the Richton School District School Board Policy Manual.

Richton High School/Junior High Cell Phone Policy

Possession of cell phones and all other electronic devices by students is restricted on campus. This includes, but is not limited to: iPods, iPads or other tablets, radios, pagers, cameras, toys, video games, smart watches, ear buds, head phones, or other electronic devices as determined by the principal. Electronic devices should only be used for educational purposes or with special permission given by the administrator. The Richton School District assumes no responsibility for missing, lost, damaged, or stolen cell phones or other electronic devices.

Students may bring electronic devices to school AT THEIR OWN RISK, but they must remain OFF and kept in a book bag, purse, or zipper part of a notebook during class periods and class changes in the hallways. The exception is when teachers give permission for educational use in the classroom.

With the increased number of students who possess cell phones and the increased capabilities of cell phone when it comes to taking videos and pictures, Bluetooth, posting to social media, and sharing of files online or between other people, we have seen an increase of cell phone related issues at the school that have led to privacy violations, confrontations, disputes, and just inappropriate cell phone use. Because of these issues, Richton High School is going to look at cell phone enforcement as a point of emphasis this year and beyond. Cell phone use will be prohibited while on campus in any learning environment, which includes in the hallways between classes. Any phone calls students need to make must be made through the office phone located in the front office. This includes times at break, in the lunchroom, and during class changes. Teachers and staff have the right to confiscate a cell phone if it is being used in a manner or at a time when it should not be. Exceptions could be made by administration during special events like pep rallies, dress up days, and other school activities. Otherwise, cell phones use should not be present in the hallways or in classrooms.

If students are in violation of the cell phone policy, school employees will confiscate the cell phone and will turn it into the office. The office will call a parent/guardian to pick it up. Cell phones will not be returned to students at the end of the day.

This policy will also apply to earbuds/earphones/headphones/air pods.

If these steps are not sufficient and the student continues to possess a cell phone when they are not supposed to, the principal may add further punishment or place the student in alternative school.

Communication Policy: Students are not to use their cell phones for any type of communication during the school day. This includes, but is not limited to social media posting, texting, snap chatting, video messages, or actual phone calls. If students need to call home, they are to use the office phone. Students who violate this policy are subject to a LEVEL 2 discipline offense on the discipline ladder. They will also have their device confiscated.

Cell Phones/Electronic Devices and State Testing: It is a violation of state law to possess a phone or an electronic device while a state test is being administered. If a student is found to be in possession of a cell phone or other banned electronic device while taking a state test, that student will automatically receive 3 days of OSS and his/her test will be invalidated. An official report will also have to be made with the Mississippi Department of Education explaining the testing irregularity. The device will be confiscated and will not be returned until a parent conference happens.

Use of Cell Phones/Electronic Devices in Illegal/Immoral Acts: If it is determined that a cell phone was used in a drug transaction, promoting a disturbance, videotaping a fight, videotaping a sexual/inappropriate act, sending racist/vulgar messages, texting answers or other forms of cheating, or any other illegal or immoral activity not mentioned, the student will be suspended (number of days will be based on seriousness of offense) and the phone will be confiscated. If it is considered evidence in an illegal act, the phone will be turned over to law enforcement. If it is used in immoral activity that violates school policy, it will be confiscated and will not be returned until the last day of the given school year.

In all cases, students who refuse to turn their phone and/or ear buds over to a school employee when asked could result in the student being suspended or sent directly to alternative school for up to 45 days.

SCHOOL BUS POLICY

Riding the school bus is a privilege. This privilege carries with it some responsibilities on the part of the student. School bus drivers are required to observe state laws and numerous regulations to safeguard the lives of the students they transport. Behavior which prevents the driver and student from having a safe trip to and from school will not be tolerated. **The school has the right to refuse transport to any student for misconduct.**

Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed in this handbook. Students **may be denied the privilege of riding the bus** because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year; in these matters, the principal will take action that is necessary for the safety of the other students on the bus. The principal, according to the severity of offense, will determine consequences for misconduct on the bus. **The bus driver is responsible for reporting misconduct.**

All buses should operate as regularly as possible. If they operate on a regular bus schedule, they should not be expected to wait on students. Students should be ready and waiting for the bus to arrive. Occasionally, due to mechanical problems or weather, buses may be late picking up or letting off students.

Questions involving disciplinary actions should be directed to the school principal. Action requiring suspension shall be the responsibility of the school administration. The administration shall notify the transportation director and the student's parents when a student's bus riding privileges are suspended. The transportation director will notify the appropriate bus driver.

Children who do not attend school within the Richton School District will not be permitted to ride the bus.

School bus drivers are expected to keep order and discipline on the bus but their primary duty is to drive the bus. Students are expected to cooperate and follow the following regulations:

1. Behavior that is not permitted on the school campus is not permitted on the school bus.
2. Students must be at their assigned stops at loading time. Students will be picked up and let off **ONLY** at Board approved stops.
3. At no time on the bus are students to touch the outside of the bus. They are not to hang head, arms, legs, body, or hands out the window of the bus.
4. Immediately upon entering the bus, students are to be seated and remain seated until they arrive at their destination both morning and evening.
5. Drivers have the authority to assign seats if necessary and students must sit in their assigned seats.
6. Students must remain in their seats until the bus comes to a full stop before getting up to unload.
7. Students must obey the directions of the bus driver at all times.
8. When boarding and exiting the bus, students should always look in both directions and pass in front of the bus if it is necessary to cross a road or street.
9. Students should refrain from playing on the road while waiting on the bus.
10. Students must identify themselves properly when requested to do so by the bus driver or school personnel.
11. Loud talking and other loud noises are not permitted on the bus. Students should be silent when the bus is nearing or crossing a railroad or highway.
12. Students are not to damage the bus in any way and will be held financially responsible for repairing the damages. This is abuse of school property and may fall under the heading of vandalism.

13. Harassment of bus driver and fellow passengers is prohibited while waiting on the bus or while riding on the bus.
14. Vulgar, profane, and disrespectful language is not permitted.
15. Tobacco, drugs, weapons of any kind, alcohol, pornography as pictures or reading material, and other contraband of any kind is not permitted. **IF IT IS NOT PERMITTED AT SCHOOL, THEN IT IS NOT PERMITTED ON THE BUS.**
16. Students are not to throw or in any way sail/shoot/pitch objects. Objects that are airborne, such as balloons, etc. are not permitted.
17. Open defiance and disrespect for the bus driver is not permitted.
18. Misbehavior as determined by school officials and repeated patterns of misbehavior will call for disciplinary action. Students found to be continually disruptive or threatening to the safety of other persons on the bus will be immediately removed from the bus and permanently suspended from riding the bus.
19. Law enforcement officials may be called upon to assist in dealing with students who do not follow the bus discipline plan.
20. Written instructions from the parent or guardian must be presented to the bus driver before a student is permitted to ride a bus not regularly assigned to a student or to load or unload at a place not assigned to them. Notes are subject to verification by school administration.
21. Students are not to leave litter on the bus and are required to pick up items when asked to do so by the bus driver.
22. No beverages or food may be consumed on the bus.
23. Chewing gum is prohibited on the bus.
24. Any act which risks the safety of the students on the bus, persons not on the bus, or the bus driver will be referred to school officials and/or law enforcement.
25. Students' behavior will be monitored on a random basis through video recording equipment installed on District buses.

CONSEQUENCES FOR FAILURE TO FOLLOW BUS SAFETY: Students will be disciplined for disorderly conduct on the bus. The bus driver will give to the principal a written report of the misbehavior. Reports will be investigated and offenders will be subject to suspension from the bus (as listed below), in addition to the consequences indicated on the Discipline Ladder.

- First offense will result in a parent conference, verbal reprimand and/or paddling. A copy of the report will be sent to the parent/guardian.
- The second offense will result in suspension from the bus for a period of time to be determined by an administrator – 1 to 3 days.
- The third offense will result in suspension from the bus for 5-10 days.
- Infractions involving spitting out the window, throwing articles out of the window or on the bus, smoking, striking matches, using lighters or other dangerous behavior will result in an immediate suspension from the bus to be determined by the principal.
- Assault on the bus driver or school personnel will result in an immediate suspension from the school and a recommendation for expulsion the remainder of the school year. A report will also be submitted to the local Police Department or Perry County Sheriff's Department.

THE PRINCIPAL MAY, AT HIS/HER DISCRETION, USE MORE SEVERE PUNISHMENT THAN LISTED ABOVE IF THE SITUATION WARRANTS. WHEN A STUDENT IS SUSPENDED FROM THE BUS, THE PARENT/GUARDIAN MUST ARRANGE FOR TRANSPORTATION TO AND FROM SCHOOL. REGULAR SCHOOL ATTENDANCE IS EXPECTED.

INTERFERENCE WITH SCHOOL BUSES It is unlawful for any individual, other than a member of the school administration or faculty, or law enforcement to interfere with the operation of a school bus.

State Law prohibits unauthorized stopped and or boarding of school buses or the interference with passengers boarding or unloading, under penalties of fine and/or imprisonment.

GENERAL BUILDING AND GROUNDS REGULATIONS

1. Before school begins each day, all grades must remain in the appropriate area.
 - **Seventh and eighth graders are assigned to the area behind the middle school building and in front of the gym.**
 - **Ninth through twelfth grades are assigned to the walkway area at the front of the campus and must not move farther than past the band room door toward the middle school break area.**

Seventh and eighth graders are to remain in their assigned area before school moving only when necessitated by inclement weather or other announced reasons. They will not mingle with the high school students.

2. Students must use an “indoor voice” at all times in all buildings, and must refrain from making loud, unnecessary noises. Excessive loud noises prevent teachers and students from hearing important announcements and could interfere with the safety of students, faculty, and staff.
3. Junior high and high school students who wish to eat breakfast must go to the cafeteria immediately upon arrival at school, using their time wisely to prevent being tardy to first period class. When finished eating, they must leave the cafeteria immediately. If not eating, then students are not permitted to be in the cafeteria.
4. **ALL students going to lunch and returning from lunch must be supervised by a teacher/supervisor.** Students will comply with directives and requests from the teachers. At the designated time, the teacher will signal and the whole class must return with that teacher to the classroom as a group. Middle school and high school students who are frequently late returning to the classroom will be subject to referral to the principal or assistant principal and suspension from school if necessary.
5. Visitors are not permitted on campus unless there is a justifiable reason and they have obtained a visitors pass.
6. Parents/guardians are always welcome to visit the school and are, in fact encouraged to visit whenever there is a need. Parents/guardians must come to the office to check in and get a visitor pass each time they wish to visit.

STUDENT PARKING POLICY

1. All students driving on campus must have a valid Mississippi driver's license in their possession. Evidence of liability insurance, as mandated by Mississippi law, must be shown to school authorities before permission to drive and park on campus is granted.
2. All students that drive to school must obtain a parking decal and park on campus. The decal is to be placed on the rearview mirror, visible at all times while parked in the assigned space on campus. New decals must be obtained each year. Seniors will receive priority in choosing parking spaces.
3. Cars that do not display a current decal will receive:
 - a. **Written notice stating they must obtain a decal or lose driving privileges. The notice will be left under the windshield wiper on the driver's side of the vehicle. A record will be kept of the make, model, and color of the vehicle plus the license tag number. This information will be announced over the PA system with the request for the driver to come to the office. The driver will then be informed that he/she must obtain a current decal to park on campus.**
 - b. **If the same vehicle parks on campus a second time, still without a current decal, a registered letter will be sent to the parents. This letter will quote the parking regulations found in the student handbook and more specifically items #1 and #3.**
 - c. **A third violation will result in the vehicle being towed off campus at the owner's expense and a loss of driving privileges for the remainder of the semester. If a decal is not obtained at the end of the semester, then driving privileges will be denied for the remainder of the year.**
4. Students are reminded that the parking lot area is on campus, and all student rules and policies are applicable there. When there is a reasonable need, vehicles may be searched.
5. It is very important that access to the parking lot be controlled. Thefts and vandalism must be prevented. Richton School District will not be responsible for any theft, vandalism or any other to damage to vehicles while parked on campus. All students are instructed to exit vehicle immediately upon arrival to school and bring all necessary materials from their vehicles when leaving the vehicle each morning. The parking lot will be off-limits to all students unless specific written permission is given from administration. Do not ask to return to car or pickup to get money, assignments, etc.
6. Students that break any of the parking regulations will lose driving privileges for a specified period of time. Habitual breaking of rules will result in loss of driving privileges for the remainder of the school year.
7. Reckless driving on campus or leaving campus (such as "peeling" out, speeding, spinning of tires to throw gravel, etc.) will result in a loss of driving privileges for the remainder of the school year.
8. Students who lose driving privileges will not be allowed to drive on the school campus at any time, including extracurricular events.
9. Students are to park in the student parking lot at the rear of the school. Students found parking on school property but not in the assigned parking lot are subject to consequences. The following is the ladder for students found to be parking on campus but not in the assigned parking lot:

1st offense- Student will be given a written warning on a discipline form and asked to move the vehicle to the student parking lot. If we are unable to identify the driver of the car, the steps described in point #3 above will be followed. A school designee will also contact the parents of the student to inform them of the offense.

2nd offense- Student will be written up on a discipline notice and be placed on Level 2 of the discipline ladder and asked to move the car to the appropriate parking lot. On the discipline note, administration will notate that the next offense will involve towing the car at the owner's expense. A school administrator will contact the parents of the student to inform them of the offense.

3rd offense- Student will be written up on a discipline notice for documentation and the car will be towed at the owner's expense. At this point, the driver will lose their driving privileges for the rest of the semester. A parent conference will have to be had before driving privileges can be restored.

Any subsequent parking violations will result in the car being towed at the owner's expense.

10. Students are not allowed to drive or park on the grass at any time.
11. It is a privilege for students to drive to campus, and these privileges may be revoked at any time for excessive tardies to first period classes.
12. Students who are under the age of 16 and whose parents choose to let them walk to school must have a signed permission form on file that absolves the Richton School District from any liability and litigation that could happen to a student once they leave campus.

CAFETERIA BEHAVIOR All students must respect the rights of others in the lunch line. Students are to return trays so that the tables will be clear for those students following. Students must sit in assigned areas and behave properly at all times. Pushing, shoving, or "breaking" of the lunch line is not permitted. Disrespect to cafeteria workers will not be tolerated. Students who misbehave in the cafeteria are subject to disciplinary action by the administration and/or faculty.

Students who are found on the school grounds at unauthorized times will be placed on the discipline ladder under school policy and will be subject to arrest. In all instances of vandalism, restitution will be the responsibility of the students and their parents. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, presents a clear and present danger and is prohibited. This is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur.

Incidents involving initiations, hazing, intimidations, and/or related activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

Richton School District shall enforce the above rule and attempt to ensure that any student wearing, carrying, or displaying gang paraphernalia or exhibiting behavior or gestures which symbolize gang membership and/or participating in activities which intimidate or affect the attendance of another student shall be subject to appropriate disciplinary actions.

OTHER PROHIBITED ORGANIZATIONS No student shall actively participate or wear clothing or other indications of membership in an organization which advocates violence or hatred toward any group of students or other individuals, or an organization which either intends to or does disrupt the educational process through its purpose or actions.

WEAPONS

The Board recognizes that the possession of handguns, firearms, or other weapons on school premises or at school functions by persons other than duly authorized law enforcement officials creates an unreasonable and unwarranted risk of injury or death to District employees, students, visitors, and guests and further creates an unreasonable and unwarranted risk of damage to properties of District employees, students, visitors, and guests.

Because of such dangers, the Board hereby prohibits the possession of handguns, firearms, or weapons in any form by any person other than duly authorized law enforcement officials on school premises or at school functions, regardless of whether any such person possesses a valid permit to carry such handgun, firearm, or weapon. The principal, assistant principal or designated person will notify law enforcement authorities for each occurrence of unlawful activity at school or school sponsored activities.

Any student who possesses a knife, handgun, other firearm or other instrument considered to be dangerous and capable of causing bodily harm shall be subject to arrest by law enforcement authorities, and automatic expulsion by the superintendent, or other appropriate school official, at the recommendation of the principal. For purposes of this policy, educational property shall include any public school building, bus, public school campus, grounds, recreational area or athletic field in the charge of the principal or other premises and/or buildings being occupied or used by Richton School District for school related purposes and/or extracurricular activities or ceremonies associated with Richton School District. School personnel making such required report shall be immune from civil liability as this is presumed a good faith act.

The provisions of this policy shall not apply to any student who is under the care of a licensed physician and who is taking medication which is under the supervision and direction of such physician. However, any and all such prescription drugs shall be kept by school personnel in a numbered, labeled bottle provided by a licensed pharmacist. Further, the student's parents/guardians shall be responsible for notifying the school principal/assistant principal when the taking of such drugs/medicines is required on school grounds during the regular school day or at school-sponsored activities.

The provisions of this policy shall apply to all students during the period of time they are subject to the jurisdiction of the school district as defined by law and while participating in or going to or from school sponsored activities and while under the supervision and direction of any teacher, principal/assistant principal, or other authority of the school district.

The principal may use observation, i.e. smell, symptoms, etc., to determine whether the student is under the influence. The parents have the right, at their own expense, to seek a drug test (to be taken within 24 hours of said observation) to contradict these findings.

Any student violating any of the provisions of the district's drug policy shall be considered to have committed a major offense and shall be subject to major disciplinary action, which may include arrest by law enforcement authorities, long-term suspension, alternative school placement, and possible expulsion by the board of education. Pursuant to state law, any person who possesses any controlled substance in violation of the Uniform Controlled Substances Law shall be subject to automatic expulsion. The principal/assistant principal will suspend the student and a recommendation will be made to the Superintendent and Board of Education to expel the student.

STUDENT INTERROGATIONS, SEARCHES, AND ARRESTS

Students possess the right to be free of unreasonable searches and seizures under the fourth amendment to the Constitution of the United States. Balanced against this right is the school officials' responsibility to create and maintain an environment consistent with the educational mission of the school. School officials have a duty to protect the health, safety, and welfare of all students under their authority.

STUDENT PROPERTY SEARCHES School authorities are authorized to conduct searches of students or their property when reasonable suspicion indicates that a particular student is in possession of an item or a substance that represents a material threat to school routine or is prohibited by school board policy or by law. Student property shall include, but not be limited to, purses, book bags, and vehicles parked on campus. School authorities reserve the right to conduct sniff searches with animals of school property and student-driven vehicles and to utilize detection devices such as metal detectors.

LOCKERS AND OTHER SCHOOL PROPERTY SEARCHES Lockers and other storage spaces are provided to students for their convenience. These storage areas remain school property and, as such, are subject to periodic inspections by school authorities. The purpose of such inspections is not to collect evidence of wrong doing on the part of a single student, but rather to allow school authorities responsible for the appropriate use of school property the opportunity to confirm that lockers are being used in a manner consistent with the health, safety, and welfare of all students. Students are therefore warned not to store items in lockers which they do not want to bring to the attention of school authorities.

POLICE NOTIFICATION (a) Student searches which disclose evidence of school misconduct, but not criminal misconduct, should be treated according to applicable school board policies.

(b) In the event that a student search discloses evidence of unlawful activity, the principal shall report such activity or acts to the appropriate law enforcement authorities as required by law. If law enforcement authorities are notified, the student's parents will be advised as soon as possible.

POLICE SEARCHES School officials are obligated to cooperate with law enforcement authorities who are validly carrying out their official duties. In such cases involving a student, the district shall make an immediate attempt to notify the student's parent, guardian, or custodian. The principal or the principal's designee shall attend the search if conducted on or about the school premises and shall take any disciplinary action necessary as a result of the search.

School administrators and teachers have the right to question a student regarding his/her conduct or the conduct of others. School officials may question/interrogate a student regarding his/her conduct or the conduct of others without the parent/guardian being present. Principals are required by law to act in *loco parentis*.

INTERROGATIONS BY LAW ENFORCEMENT AUTHORITIES Law enforcement personnel are not permitted to interrogate students on the school campus regarding alleged activities of the student or others away from the school campus that have caused law enforcement to become involved until such time as the principal/assistant principal has obtained permission from the student's parent/guardian.

FELONY CHARGES Any student charged with a felony may not participate in any extracurricular activities and could be assigned to the alternative school.

RICHTON SCHOOL DISTRICT DRUG SCREENING POLICY

Student athletes and students participating in other school-sponsored extracurricular activities will be subject to drug screening to test for the following substances, the use of which is expressly prohibited:

- Amphetamines
- Cocaine Metabolite
- Phencyclidine
- Marijuana Metabolite
- Opiates
- And any other substance(s) the test may reveal

Drug Screening – The drug screening shall consist of the collection of a urine sample from the student by any assistant(s) from the contracting biomedical laboratory under the supervision of the Athletic Director/Principal, coaching staff/directors, and/or other school employees. Each specimen shall be analyzed for the presence of drugs identified previously in this document by the contracting agency which has been approved by the Board of Education of the Richton School District.

The outside agency shall report all test results to the office of the Superintendent. The principal will be notified of any positive tests. For purposes of this program, a positive result shall mean a test result which indicates the presence of one or more of the listed drugs in the student athlete's urine sample. A test will not be determined positive until it is double checked and validated by a confirmatory test. The student and their parent/legal guardian shall be notified in writing if and when a student tests positive.

Random testing will be performed for athletes beginning with the second scheduled testing and continue through each subsequent testing during the school year. Random selection will be conducted by an outside agency in the following manner. The District will assign a number to each participant and then provide a list of numbers to the outside agency for random selection. All participants will be included in the pool for random selection. Random testing for all other students involved in extracurricular activities will begin with the first scheduled testing and continue through each subsequent testing during the school year. Random testing will account for approximately ten percent (10%) of all students being selected for each random testing. Also included in random testing will be any student(s) who have tested positive at an earlier date during their school career.

EFFECTS OF POSITIVE RESULTS

A. First Positive: The individual's sample will be re-tested immediately to assure no error has occurred. If the positive result is verified and confirmed, the principal will take the following steps: 1.

The student's parent(s) or legal guardian(s) will be advised of the results.

2. The Athletic Director will be advised of the results.

3. The student will be required to attend drug counseling and the cost shall be borne by the student and/or parent.

4. A student who has tested positive will forfeit participation in interscholastic participation according to the following schedule:

(a). First Violation: The student will be denied participation from competitions (with required practices) beginning with the first scheduled competition following the

offense and concluding after 20% of that season's competitions have taken place. (Example: 2 of 10 football games or 4 of 20 basketball games)

- (b). Second Violation: Dismissal from that sport season without gaining letter awards or recognition.
- (c). Third Violation: The student will be denied participation in all extracurricular activities and programs for the calendar year.
- (d). Fourth Violation: The student will be indefinitely barred from participating in any event or activity and all extracurricular activities in the Richton School District.

***NOTE:** The student who participates in more than one sport/activity will forfeit participation in interscholastic contests in only the activity that is currently in season or the next sport/activity in season after the positive test. If an infraction occurs where there is an overlap in activities the suspension from activities for the designated period will begin immediately even though it may affect both activities.*

5. Students who test positive for drugs will forfeit certain team and individual awards as determined by the head coach/director.

The student will be re-tested after the suspension period and prior to being allowed to participate in the activity again.

B. **Second Positive:** After reinstatement and later in the academic year, the student will be re-tested. If the test is positive, the individual student will be re-tested immediately to assure no error has occurred. If the positive result is verified and confirmed, the Principal, the Athletic Director, and the student's parent(s)/legal guardian(s) will be immediately notified. A conference will then be scheduled promptly with the student, parent(s)/legal guardian(s), Principal, appropriate head coach/director, and designated counselor present. The student will immediately be suspended from participating in practice and interscholastic competition for the remaining sports season or scheduled events for the activity.

The student will be re-tested after the suspension period. If the student's test is negative the student will be reinstated to participate in athletics/extracurricular activities provided the student and the parent(s)/legal guardian(s) sign a release form releasing the School District from liability. Another positive will result in the student athlete being suspended from the team indefinitely.

C. **Third Positive:** After reinstatement and later in the academic year, the student will be re-tested. If the test is positive, the Principal, the Athletic Director, and head coach/director shall be immediately notified; a letter will be mailed to the parent(s)/legal guardian(s) from the Principal notifying them that the student has been suspended from the team/program immediately for the academic year.

Reinstatement of the student to participate cannot take place for one calendar year and then only after the provision of proof of the successful completion of a Drug Rehabilitation Program and negative testing prevails. If the student is suspended, the student has the right to appeal the decision to the Richton School District Board of Education for a formal determination. The student shall have the right to have counsel present at the student's own expense.

***NOTE:** Each positive test occurring after a student begins school activities will be counted as a violation throughout the student's school years.*

EXTRA CURRICULAR POLICIES AND PROCEDURES

PURPOSE We believe that the opportunity for participation in a wide variety of student-selected activities is a vital part of a student's educational experiences. Such participation is a privilege that carries with it responsibilities to the school, the activity, to other students, to the community and to the students themselves. These experiences contribute to the development of learning skills, leadership training and emotional patterns that enable the student to achieve maximum benefit from his or her education. The Richton School District's extra curricular program is considered a supplement to the school's academic program which strives to provide experiences that will help to develop students physically, mentally, socially, and emotionally.

ELIGIBILITY GUIDELINES

2.10 SCHOLASTIC REQUIREMENTS

2.10.1 The MHSAA requires students participating in MHSAA sanctioned competitions to make "satisfactory progress toward graduation". Each school district shall determine the requirements for "satisfactory progress toward graduation" through its graduation requirements and shall interpret this rule according to its requirements.

2.10.2 According to Mississippi law, a student must maintain a grade point average of at least a 2.0 or "C" average in order to participate in interscholastic sports/activities. Grade point averages will be calculated at the conclusion of the first semester using the semester averages of all courses the student is taking. Students who do not have a 2.0 or "C" average for the first semester will be ineligible for the second semester.

2.10.3 At the end of the school year, each student's grade point average for the year will be assessed. This assessment will reflect the average for the entire year using the final grades for each course. A student who does not have a grade point average of at least a 2.0 or "C" average, will be ineligible for fall semester.

2.10.4 High school eligibility begins when a student enters ninth grade. To be eligible for the fall semester, a student must be promoted to ninth grade with at least an overall 2.0 or "C" average of all eighth grade courses.

2.10.5 A student may become eligible for the second semester only once during his/her high school career if he/she fails the year-end average the previous year, by achieving at least an overall 2.0 or "C" average at the end of the first semester.

2.10.6 A 2.0 or "C" average may be calculated in two ways:

1. Grade point average: A= 4, B=3, C=2, D=1, F=0.
2. Numerical average: place all semester or year-end averages in the local grading scale. If the overall average is a "C" or better, the student is eligible.

2.11 JUNIOR HIGH/MIDDLE SCHOOL SCHOLASTIC REQUIREMENT

2.11.1 For participation on the junior high/middle school level, a student must be promoted (**if not promoted, they are ineligible for the entire year**) and have passed any four basic courses (any subject that meets the equivalent of at least 250 minutes per week or meets the State Department requirement) with a 2.0 or "C" average the previous semester (computed numerically or by GPA). The year-end average of four basic courses passed will be used to determine eligibility for the fall semester. The same guidelines apply at the end of the first semester for spring participation. Students must be on track to be promoted to be eligible.

2.11.2 A student on the junior high/middle school level, who was promoted but is not eligible at the beginning of the school year due to his academic average, may become eligible for the second semester only once during the student's junior high/middle school career by passing four basic courses with an overall average of 2.0 at the end of the first semester.

GENERAL RULES FOR PARTICIPATION IN EXTRACURRICULAR ACTIVITIES

1. Eligibility for competitive activities is determined according to the rules of the Mississippi High School Activities Association.
2. High School students must pass five units of credit the previous year to play.
3. Junior High School students must pass the four core subjects (Math, Science, English, and Social Studies) and be promoted to the next grade.
4. Anyone competing in extracurricular activities is subject to additional rules that are set up and administered by the sponsor or coach. It is up to the participant to follow these rules.
5. The sponsor or coach of his/her particular activity is in charge. If a parent has a grievance, the procedure they must follow is below. If the procedure is not followed, then the grievance will be dismissed without any action taken.
 - The person must go to the sponsor or coach in charge and discuss the problem or grievance at a time which is convenient with both parties.
 - After the initial meeting is held and the problem still exists, then a meeting will be arranged between the sponsor/coach, parent and principal/athletic director.
 - After the first two steps have been taken, the problem may be addressed in the Superintendent's office.
 - The last step will be to meet with the School Board at the recommendation of the superintendent.
6. If a student quits a team of his/her own free will, it is the coach/sponsor's decision whether the student will be allowed back on the team. (If a player walks off the floor, field, etc. during practice or game he/she may be considered quitting by the coach.).
7. During the school year if an athlete shows disrespect to the coach/sponsor or shows unsportsmanlike conduct during a contest (profanity toward a coach or official) the coach/sponsor has the authority to remove the athlete from the team.
8. Students may participate in more than one activity at once during the year. However, missing practice/games due to another activity does not guarantee a player will retain his/her starting role.
9. Uniforms owned by the school must be returned before a student will be allowed to participate in the next sport or activity. If the uniform is lost, the cost of the uniform must be paid prior to playing the next sport.

Support Services

Individuals with Disabilities

The Richton School District collaborates with the Mississippi State Department of Education (MDE) in an ongoing statewide effort to identify, locate, and evaluate children birth through the age of 21, who have health impairments, physical, mental, communicative, and/or emotional disabilities. Early identification of children in need of special educational experiences is most important to each child. Contacts with parents and other agencies help the district determine appropriate public education to all children with disabilities.

The Special Education Department works with local Head Start, Human Services, Health and Mental Health agencies, as well as local education agencies, physicians and other individuals to identify and locate children who attend or plan to enroll in the district's schools who may be in need of special education services. Richton School District is currently serving children ages 3-21 in the areas of speech/language, specific learning disabilities, educationally disabled, emotionally disabled, visually impaired, developmentally delayed, autistic, physically disabled, traumatic brain injury, and other health impairments. Other services available are in the areas of hearing impaired, deaf/blind, and multiple disabilities.

The Richton School District employs special education teachers, teacher assistants, speech/ language therapists, as well as occupational and physical therapists to meet our student's needs.

Office of Federal Programs

Richton School District receives federal funds to support and enhance the educational programs of the district. These funds flow from the federal government through the Mississippi Department of Education, Office of Innovative Support. These federal dollars assist the district in supporting efforts such as professional development, instructional intervention, recruiting highly effective teachers and administrators as required by Every Student Succeeds Act (ESSA), parent/community involvement, innovative services, and the provision of a safe, orderly climate conducive to teaching and learning.

The Consolidated Federal Programs Application is developed annually by a planning committee made up of administrators, teachers, parents and community members. Program planning is data-driven with information drawn from test scores, needs assessments, and other data sources. Parents and students are encouraged to participate in the planning process.

The completed plan is available for viewing and comments in the Federal Programs Office 701 Elm Avenue, Richton, MS 39476. Additional Information concerning Title I and VI funding may be viewed on the Mississippi Department of Education website at www.mcaps.mde.k12.ms.us. Federal Title Programs and IDEA work in conjunction to provide intervening services for our students.

Early Intervention Services

Mississippi Department of Education requires an instructional model designed to meet the needs of every student.

Three Tier Model of Instruction

Tier I	Quality classroom instruction based on MS Curriculum Frameworks
Tier II	Focused supplemental instruction
Tier III	Intensive interventions specifically designed to meet the individual needs of the student

Teachers use progress monitoring information to (a) determine if students are making adequate progress, (b) identify students as soon as they begin to fall behind, and (c) modify instruction early enough to ensure each and every student gains essential skills. Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

If strategies at Tiers I & II are unsuccessful, students must be referred to the Teacher Support Team. The Teacher Support Team (TST) is the problem-solving unit responsible for interventions developed at Tier III. The chairperson of the TST is the school principal or the principal's designee. Interventions will be designed to address the deficit areas:

- Research based
- Implemented as designed by the TST
- Supported by data regarding the effectiveness of interventions

In addition to failure to make adequate progress following Tiers I & II, students will be referred to the TST for interventions as specified in guidelines developed by MDE. Guidelines for Richton School District are made available at the high school Office.

School Tutoring

Tutoring is made available as an intervention through federal programs at Richton School District. Contact the federal programs' office concerning times and dates of tutorials at 601-788-5908.

Healthcare Resources

Richton School District provides additional support service through the Pine Belt Mental Healthcare Resources in the form of therapeutic services. Highly qualified clinicians deliver these services to students enrolled in the Richton School District.

PARENT INVOLVEMENT POLICY

The Richton Middle/High School faculty and staff, with the cooperation of the community, students and their families, strive to help each student achieve success and develop the skills necessary to cope in our rapidly changing society and to prepare them for high school.

We also acknowledge that students who develop good work habits, are resourceful, and are self-disciplined tend to have higher academic achievement. We are a team, teaching our children how to be good citizens and community leaders for the present as well as the future.

In order to build an effective home-school partnership, Richton Middle/High School will provide the following:

1. An annual Open House where parents will meet their child's teacher and be informed of their right and responsibility to be involved in their child's education.
2. An annual 7th Grade orientation for parents and students to be held at the beginning of each school year to provide time for parents and students to meet the teachers and staff and become familiar with the school.
3. A flexible number of meetings and/or publications will be made available to assist parents in understanding the federal and state academic content and student achievement standards, as well as local academic assessments. At these meetings, Title 1 funding, parent involvement policies and compacts will be discussed.
4. One scheduled parent conference, and others as deemed necessary by the parent and/or teacher, where the progress of the individual student will be discussed as well as the expectations for school curriculum, state standards, and other concerns that the teacher or parent may want to address.
5. Communication to assist parents in understanding school expectations, curriculum and activities including the Student Handbook, use of School Notes.com and other communications from the child's teacher.
6. Parents are encouraged to attend PTO meetings, school programs, and parent lunches with their children.
7. A School-Parent Compact that outlines how parents, school staff and student share the responsibility for improving learning.
8. At least every other year, a survey for all parents shall be conducted to collect opinions and concerns of parents and suggestions for improvement with opportunities for parents to be involved.

Every effort will be made to communicate with parents in a format that is easily understandable and includes language that is free of educational jargon.
